DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address: Inverforth House North End Way London NW3 7EU

Proposal:

Installation of 4x plant units at ground floor level, replace 1st floor glazed roof with a tiled terrace and rooflights, replacement of window with door and the installation of rooflights and associated lift overrun at main roof level with associated internal alterations.

Drawing Nos: 11155/01 Rev A; 02 Rev A; 03 Rev A; 04 Rev A; 05 Rev A; 06 Rev A; 07 Rev D; 08 Rev D; 09 Rev F; 10 Rev A; 11 Rev E; 12 Rev D; 17 Rev C; 30 Rev A, Photographs of Existing Window (to be replaced) and Environmental Noise Survey & Plant Assessment and Construction Plan (11155CMP).

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

3 All new work and work of making good shall be carried out to match the original work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

4 The works hereby approved are only those specifically indicated on the drawing(s) referred to above.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

1 Reasons for granting permission.

The proposed changes to the approved drawings include the creation of an upper first floor level roof terrace (which is currently a mono-pitched roof); minor changes to non-original internal elements and the replacement of an existing modern double glazed sash window with a timber door which would reuse the same transom and mullion timber section profile with individual glazed units. The proposed changes are considered acceptable given that the external changes would largely be concealed and replace non-historic elements with the internal changes being minor in comparison to the existing approval.

The proposal is considered to preserve the building's special architectural and historic interest and would not result in the loss of original or historic fabric or not affect the integrity of the building.

The site's planning history and relevant appeals have been taken into account when coming to this decision. No representations were received as a result of consultation.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policy DP25 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policy 7.8 of the London Plan 2011, and paragraphs 14, 17and 126-141 of the National Planning Policy Framework.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
