2015/2891/P	Catherine Hezser	Flat 98 Saxon Court 5 York Way London NIC 4AN	01/06/2015 15:21:58 INT		As a Saxon Court shared ownership resident I am concerned that this building might obstruct the light coming through my north-west facing windows and keep our 8th floor roof terrace in permanent shade. A high-rise building so close to Saxon Court would also interfere with Saxon court residents' privacy, if there are windows that allow direct views into our windows and through our balcony doors. Therefore I am against this new building if it is built higher than and in front of our 8th floor roof terrace. There is so little space left between Saxon Court and the Student dormitory opposite that a high rise building in between (higher than 8 floors) would seriously interfere with the enjoyment and use of the Saxon Court shared ownership properties.
