2015/2229/P	Nouhad Noueiri	Flat 2 110 Fitzjohns Avenue London NW3 6NT	02/06/2015 21:17:35	SUPPRT	<p>I am writing to support for the planning application number 2015/2229/P at 6 Nutley Terrace.</p> <p>As a Hampstead resident I feel that the design contributes positively to this large and open site. The existing building appears tired and this will inject new life into the property and area.</p> <p>I am pleased to support this good design!</p>
2015/2229/P	Barrie Tankel	43a Lancaster Grove NW3 4HB NW3 4HB	02/06/2015 17:25:11	OBJ	<p>I am writing to object to the planning application for redevelopment of 6 Nutley Terrace.</p> <p>Not only is the poorly described in the application, not only is this proposal a massive overdevelopment of the site but the consequences of a successful outcome would have a devastating impact on No 4 Nutley Terrace.</p> <p>The right hand flank wall of No 4 faces a Westerly direction so it receives excellent afternoon sun. The existing property does not interfere with this sunlight but the proposed development would entirely eliminate this sunlight replacing it with shadow.</p> <p>The west wall was bathed in sunlight at 5.30pm on Saturday 30 May. Just imagine the number of hours of lost sunlight from earlier in the day right the way through summer...and not forgetting the winter sun. This application must be refused!</p>
