

MRS E. ASHBY
Flat 1 29 Croftdown Rd.

NWS / E1

Reference Planning Application 2015/144P
Proposed by Generator Group LLP

I support this application.

Reasons: It provides much needed housing.
The open space and tennis courts
compliment the development 'on the club
foot print'.

~~My~~

I have concern about the numerous heavy
vehicles which would go along Croftdown Rd
between cars parked on both sides of the road.

Long, large vehicles struggle to get in at
the mouth of the road going to the
Bowling Club.
