2015/2229/P	J Ehrnrooth	1 Nutley Terrace NW3 5BX	07/06/2015 19:30:21	COMMEM AIL	<p>Dear Camden Planning I would like to raise my objection to the planning application for following reasons:</p> <p>1) The size of the building is far too large for the space. The building would dominate the street and would not be in proportion to neighbouring buildings. In addition, given the size of the proposed building, it would likely have a negative affect on the amount of light the neighbouring homes would receive.</p> <p>2) The proposed building is not in keeping with the existing character of the neighbourhood. I would hope that in the spirit of conservation, that Camden would support retaining or renovating older buildings, rather than demolishing them. Similarly, I feel that the new buildings at 5 &amp; 7 Nutley Terrace do not fit in with the other buildings on the road.</p> <p>3) By creating six units there will be large increase the number of cars parking on Nutley Terrace. This in turn, will add to the existing strain on parking on Nutley Terrace, especially during the school run which is already problematic. My car was damaged last year due during the school run due to the heavy congestion in the road during school drop off and collection and I don't want the situation to get worse.</p> <p>4) Development on this scale, including the excavation for an extensive underground parking will cause a great deal of noise and mess for surrounding homes over an extensive time period. I am not inclined to support such extensive building works given our recent (and still on-going) experience the new builds at 5 &amp; 7 Nutley Terrace.</p> <p>I hope that Camden will consider these points when processing the planning application.</p>
2015/2229/P	Helen Andrews	12 Gainsborough Gardens London NW3 1BJ	07/06/2015 21:16:25	OBJ	<p>The size of this building is grossly out of proportion to the size of the plot and will tower over the surrounding streets. It is in the conservation area and is out of keeping with the surrounding buildings as well as being of no architectural merit. Granting planning permission in this case would contravene cam dens planning policies</p>
