2015/2390/P	Mercedes Feldman	Flat 5 71 Greencroft Gardens	03/06/2015 22:32:44	OBJEMAIL	Flat 2 erected an outbuilding outlined to us as a replacement shed. The outbuilding is much taller than anticipated. It changes the character of the conservation area and as far as we can see no other gardens in our view point have such a large outbuilding. Additionally, it hinges on our privacy as it is directly opposite our bedroom for example, its door has a large glass inlay which means that we have to draw our curtains to have any privacy which we have enjoyed up to this point.
