Proposal	Installation of dormer window, 2 rooflights and new railings at the rear.
Objection	Yes
Observations	91 Belsize Lane â 406803 2015/2277/P

The committee were very pleased to have paper plans for this application so that they could therefore examine them together and form a consensus opinion.

The proposed dormer window is considered to be too big. The width should be reduced in order to be more in character and less prominent in relation to the roofline. As it is proposed it would detract from the character of the conservation area.
