2015/3058/T	Consuelo Phelan	54 Belsize Park NW3 4EE	09/06/2015 01:38:29	COMMNT	On behalf of the Belsize Residents' Association I wish to object strongly to the removal of these trees. No reasons have been given that any are unhealthy or likely to cause injury. Cedars are not usual in this area, so add to the variety of habitat for wildlife. We should aim to preserve as many trees as possible in this area, so I trust that this application will be refused.
