Your comments on the planning application	<p>Dear Sir or Madam</p> <p>I'm writing to object to the proposed extension of the existing roof extension at 62 Regents Park Road</p> <p>My primary objections are to do with the loss of light I will suffer as a neighbour to the rear. Due to an enormous and (rightly) protected Plane tree in the rear of 64 Regents Park Road, I get a few hours sunshine each morning from above 60/62 Regents Park Road and then nothing till early evening. The lack of sunlight makes it impossible to keep any sort of lawn alive - I have to use astroturf - and any</p>

further reduction, as would be the case should this application be approved, will have a hugely negatively impact on my well being, that of my family and the few plants I've persuaded to grow in my yard.

The other issue I must raise is with overlooking. Having already had to deal with people staring down at my wife when she's sitting in the garden from a roof extension near to 62 Regents Park Road is a particularly uncomfortable and unpleasant experience. I therefore urge Camden to think long and hard before giving the green light to a development that might lead to others doing the same.

What's more I remain convinced that should this application be approved others will doubtless follow. If Camden council is not careful it will end up approving a whole new storey, a fifth, on top of all the big houses facing Regents Park, leaving those of us who live behind these enormous homes completely in the dark. Yours Matthew Wright
