Whilst the proposed piling construction techniques are preferable, Thames Water have a number of assets within the road surrounding the development footprint. As such, this condition cannot be discharged until all parties are satisfied that the proposed works will have negligible impact to Thames Water assets. In order to ensure that the correct easements are met, please submit a piling layout plan in relation to Thames Water assets and the local topography. Please contact Developer Services if you wish to discuss further or request plans of our apparatus in the area (0845 850 2777 or by email at [developer.services@thameswater.co.uk](mailto:developer.services@thameswater.co.uk),
