Drawing Nos: Design, conservation and heritage statement, Structural inspection report for planning, existing 14.07 E00, 14.07 E01, 14.07 E02, 14.07 E03, 14.07 E04, 14.07 E06, proposed 14.07 P01B, 14.07 P2(1)B, 14.07 P2(2)B, 14.07 P03B, 14.07 P04A, 14.07 P06B

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the approved plans above.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 The applicant proposes to replace two casement windows with single-glazed timber sashes, which, being more historically appropriate, will enhance the special interest of the listed building, and to add two small heritage roof lights to the rear of the property, which are considered appropriate, given their lack of visibility and the general distribution of similar roof lights locally.

A front dormer has been removed from the proposal and the two roof lights have been reduced in size.

The proposal is considered to preserve the special architectural and historic interest of the listed building.

The site's planning history was taken into account when coming to this decision, and no representations were received.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.16 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
