Your comments on the planning application

I am writing to object to the latest application at this site. It seems extraordinary to me that a house as poorly constructed and out of keeping with the surroundings as number 33C, has been given permission to revert to the original planning application. In addition, the current permission does not even reflect current planning guidelines regarding the distance between it and the Hillfield Road houses. However, as it has been given permission and given that it is closer than current guidance allows I would ask that any new window to be put into the rear elevation be obscured in order to protect both the privacy of those living

in the Hillfield Road houses and also those living at 33C. As the requirement for planting at the rear elevation seems almost impossible to fulfil given the width of the area available for planting, obscuring the new window would seem to be a very sensible way of protecting the privacy of all the inhabitants. Please can I urge you to consider making this a requirement - it would be a small gesture that would make a big difference to residents who have to live with this appalling building.
