2015/2662/P	Peter Beardsell Eton CAAC	28 Steeles Road London NW3 4RE	09/06/2015 16:54:40	COMMNT	Eton CAAC sees no reason to object to this kind of application, in principle. But there are two chimneys that do not appear on the drawings. Two further to the party wall chimneys, which are shown. The proposed dormer would form a composition between the unshown chimneys. Why are they not shown? We think they should be - because of the composition - before the proposal gets consent.
