| 2015/3036/P | Elaine Harris | 17 Langland Gdns | 10/06/2015 13:27:59 | OBJ | I do hope that after considering this planning application you will reject it. It is an outrageous proposal for this property and will cause untold damage to the foundations of the surrounding properties, as well as unacceptable disruption to a very busy road. It is way beyond any reasonable application and I very hope you will reject it. Claire Gasson's response says it all, and everyone I know in the neighbourhood heartily agrees with her. |
