2015/1759/P	Lena Samuels	37a Patshull Road Kentish Town London NW5 2JX	11/06/2015 08:27:43	COMNOT	I object to the application in its current form as the proposed side wall facing into my garden of 37a Patshull Road will severely limit the light into my garden and create a dark and corridor effect into what is already a narrow pathway and which needs as much light as possible for both the path and into the back bedroom.
