Re address: 11 Roslyn Hill, NW3

Dear Mr. Tulloch,

I have only today heard of this awful planning application. I urge you to reject it out of hand. Air Studios are a vital cog in the ability of the UK to be a home to producing world class sound tracks.

The application is a selfish money making scheme by a single resident which could have hugely damaging consequences for a huge UK success story.

I urge you to listen to the opposition. This is not a nimble objection but has real and substantive grounds.

Yours sincerely,

Philip Sheffield
