Subject: Planning Application - 2015/2772/P

Dear Sir / Madam,

I am writing to you in support of planning application 2015/2772/P relating to a temporary extension of the opening hours of the North West Islamic Cultural Centre (NWICC) for one month.

The NWICC is an important part of the local community, proving excellent support to local Muslims that visit the shop and attend for prayers and classes. It's appropriate for the centre to stay open later during Ramadan so that it can continue to offer its services to the community over this period.

Kind regards,

Lorna
