Dear Sir,

Re Planning Application 2015/2366/P,
5-7 Lancaster Grove NW3 4HE

I am strongly opposed to this planning application which proposes the erection of what would be a massive building in this conservation area. The present building is to be demolished and replaced by one of greater height and consisting of 6 stories in which there will be 15 flats. This development is far too big for this conservation area of which Lancaster Grove is a part. It will attract yet more traffic, and its pollution, to the area and will increase risk of accidents to the youngsters attending schools in the area. The proposed building will be opposite the already busy junction with Crossfield Road.

I am strongly of the opinion this planning application should be rejected as it undermines the conservation area instead of enhancing it.

Yours sincerely,

Ruth M. Muffett (Mrs).
