Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
6 D Caversham Road
London
NW5 2DU

Proposal:
Installation of rooflights to front, side and rear roofslopes associated with loft conversion.

Drawing Nos: Design and Access Statement/Heritage Statement, 101 (P), 102 (P), 103 (P), 104 (P) Amendment A, 105 (P) Amendment A, 106 (P) Amendment A, and 107 (P) Amendment A.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Design and Access Statement/Heritage Statement, 101 (P), 102 (P), 103 (P), 104 (P) Amendment A, 105 (P) Amendment A, 106 (P) Amendment A, and 107 (P) Amendment A.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 The proposed rooflights to the front, side and rear roof slope of 6D Caversham Road must be conservation style rooflights and these must be maintained thereafter.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission:

The proposed rooflights on the front, side and rear elevations are a modest size, flush with the roofslope and conservation style, which would preserve the character and appearance of the building. Given they are high within the roofslope, the rooflights would not be overly visible from the streetscene and due to their location, they would not result in harm to the amenity of any adjoining residential occupiers in terms of outlook or privacy.

Whilst the development will have some visual impact in terms of introducing new elements to the roofslope, such minor alterations in this location are not considered harmful to the character or appearance of the host building or conservation area.

No objections have been received in relation to this proposal. The site's planning history and relevant appeal decisions were taken into account when coming to this decision. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 (CA's) of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2015, consolidated with amendments since 2011; and paragraphs 14, 17 and 66 of the National Planning Policy Framework.
