There are too many things wrong with the Royal Free and for those of us who are unlucky enough to live at the back, it is hell. I live over looking the car park; I suffer noise & light pollution. In winter when there are no leaves on the trees, we suffer glaring lights directed towards 3 & 4th floor flats. Why do lights have to be directed upwards? There is no reasonable way for us to get round to Pond St because there is nowhere for pedestrians to walk in safety. Vehicles only are catered for by Royal Free. RF is much too big & in a very unsuitable place.
