Thanks for this

The email should have been sent to my chairman, Richard Simpson, so I am copying him in now.

we are very worried about all the applications Bibendum are submitting, namely 2015/2546/P, 2015/2726/P and 2015/2727/P. Are you also the officer for these?

Earlier in the year we arranged a meeting with the CEO of Bibendum to find out exactly what they really wanted on this important retail site for our CA. This was postponed when they withdrew their GPDO application but now we are meeting them again, on 2 July we hope. However the next PHCAAC meeting is on 15 July.

Would it be possible to hold our comments on the revisions to 7596 until after the meeting?

Dear Pam

Further to your comments on the above applications, revisions have been made and they are now attached to

the inline application. However for ease please find these attached for your review.

Please could you come back to me by the 3rd July?

Just to be clear, the windows at the west elevation will remain as is aside of the changes to the mansard roof windows. At the north they are proposing to only partly obscure the most relevant window.
