As someone who lives in a block that has the lift and is over 80. This facility enables me to maintain my independence and get out and about and collect by own shopping. The lifts would ensure that everyone on the estate, who lives higher up, would not have to move due to small children or age/disability. In this day and age, a lift is not a luxury, it is a necessity as not everyone can live on the ground floor
2015/2430/P	MRS C KHAN	46 St Nicholas Flats Werrington Street London NW1 1PT	16/06/2015 14:06:12	SUPPRT	I would like to fully support this planning application. The installation of the lifts to the properties will enable people to stay in their homes as they get older or their families increase in size. Currently the lack of lifts mean that people/origin have to try and accommodate moves. People who have lived in their homes for numerous years will be able to stay where they are and this in turn helps maintain the community. Also beneficial health and safety wise., when residents try and have furniture etc delivered.
