2015/1302/P	Denis & Lesley Aaronson	96 Priory Rd West Hampstead London NW63NT	21/06/2015 18:11:41	OBJCOMP AP	<p>We live at 96 Priory Rd and we are next door to 98a</p> <p>We are writing to object to the current planning application for 98a Priory Road(application ref. 2015/1302/P). The proposal significantly increases the bulk and scale of the existing property and has a detrimental impact on the historic streetscape of detached houses and the current relationship between the coach house and our house.</p> <p>The proposed first floor extension will also reduce the separation between the coach house and 96 Priory Road, turning the properties into a set of terraced houses. We feel that this is both detrimental to the historic nature of the coach house and has a significant impact on how our house reads as a detached house on the street. The addition bulk also creates a greater sense of enclosure for the rear gardens by blocking views out between the two properties.</p> <p>We currently have planning permission for an obscured, fire rated window in our flank wall to allow natural daylight into the centre of our house at first floor level. The proposed increase in height will block this window and prevent the possibility of us gaining natural daylight.</p> <p>Thank you for your time in considering our deep concerns, if we can be of further help please let us know. Yours sincerely, Denis and Lesley Aaronson</p>
