Camden Council

29 Murray Mews
London NW1 9RH
9 June 2015

Dear Sir

Re: 29 Murray Mews NW1 9RH

I enclose a copy of the Householder Application for Planning Permission for work to be carried out on 29 Murray Mews, Camden, NW1 9RH together with 3 copies of drawings giving the site location, the elevations as existing and the proposals to change the windows.

It is proposed to change all the windows except for the sliding double glazed unit already installed. All other windows will be replaced with double glazed tilt and turn windows which are similar to those installed when the building was built in 1962.

I trust that these minor changes will meet with your approval as I would like to place an order as soon as possible so that the windows ~~can~~ can be changed before the winter sets in.

Yours faithfully
