Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
18 Ravenshaw Street
London
NW6 1NN

Proposal:
Erection of rear ground floor infill extension
Drawing Nos: 14.034(2-)1.001 Revision B; 14.034(2-)1.002 Revision B and 14.034(9-)
1.001.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 14.034(2-)1.001 Revision B; 14.034(2-)1.002 Revision B and 14.034(9-)1.001.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed rear infill extension is considered subordinate in scale and location to the host building and is of an appropriate design. It is not considered to be harmful to the character or appearance of the host and neighbouring building or the street scene, given that it is of an appropriate size and is to be located to the rear where it would not be visible from the wider public realm.

Due to the sloping ground levels, the proposed development could appear overbearing from neighbouring property no.20. However works have commenced at no.20 for the same pitched-roof infill extension which overcomes this concern.

No objections have been received prior to making this decision.

The planning history of the site and surrounding area were taken into account when coming to this decision. The subject property is not within a Conservation Area nor is the building listed or within the setting of a Listed Building. Reference has been made to The Fortune Green West Hampstead Neighbourhood Plan.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2015 (consolidated with alterations since 2011); and paragraphs 14, 17, and 56 -66 of the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public

Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website

- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
