2015/2478/P	N. Khanzada	St Anthony's Flats Aldenham Street	29/06/2015 17:52:53	COMMNT	<p>I would like to support this application but with some reservations and a great deal of regret.</p> <p>I realise that the roof space has been abused in recent years and has been the site of anti-social behaviour (St. Anthony's). This has been due, in part, to inadequate security in the block generally. I sympathise with the residents that have lived directly under the roof.</p> <p>The roof terrace, however, previously has been used variously, by families with young children as a happy and communal space, for hanging washing and as quiet space away from older children playing in the back courtyard. I spent a great deal of time of up there when I first moved in and when my children were younger.</p> <p>Some of the flats in St. Anthony's are tiny by modern standards and have no private outside space eg. balconies. The roof terrace was a very welcome way of creating a sense of space and relief from extremely cramped inside accommodation. It personally added to my quality of life. I will miss the facility a great deal.</p> <p>Has any thought been given to how that sense of space will be replaced?</p>
