2015/2553/P	Francoise Findlay Chairman of Elsworthy Residents Assoc.	1 Lower Merton Rise London NW3 3RA	29/06/2015 21:24:57	OBJEMPER	Elsworthy Residents Association objected to the original application for parking, crossover etc. in 2012. The permission granted has been abused and an enforcement notice should have been issued. The present application still does not include the soft landscaping of lawn and flower bed that mitigated to some extent all the hard paving of the front garden. The proposal of a small patch of artificial grass is absolutely insufficient and will have a deleterious effect on the conservation area known for its green and flowery aspect.
