Planning Ref: 2015/1072/P

Address: 29 Fitzjohns Avenue, NW3

Description: Roof level extension (revised).

Case Officer: Shane O'Donnell

Date 1 July 2015

We objected to the previous proposal for this work,(see our comments 31 March 15); these revisions do not seem to differ from those in any material way.

There are no decipherable indications on the drawings as to what exists, and what is proposed; no indications of materials apart from a brief mention in the (new) D/A Statement, no information on the context of the extension with its neighbours, and certainly no improvement in the architectural design. We accept that overlooking from the rear of the house is unlikely due to the viewing distances.

Our previous objection is therefore sustained. Please refuse.
