

Dear Mr. Oxford,

Redington Froggnal Association would like to object strongly to the proposed felling of this very valuable London Plane tree at 17 Lindfield Gardens.

The Soils Report, Root Report, Auger Report and Arboricultural Report, which are cited as justification, are not shown on Camden's website.

Redington Froggnal Association is greatly concerned by the continuing loss of trees and greenery and the degradation of the Conservation Area.

Yours sincerely,

Nancy Mayo

Secretary
Redington Froggnal Association
