2015/2720/P	Tim Goss	5 Perrins Court Hampstead NW3 1QS NW3 1QS NW3 1QS	02/07/2015 18:25:39	COMMNT	Another point: Mr Stark's drawings lead one to believe that the height of the dustbin box will be level with the railings separating the two properties - the plans are wrong as they show equal height railings in front of no's 5 and 3. In fact if, as the plans suggest, the box is equal in height to Mr Stark's railings, it will overpower the railings abutting no 3 as no 3's railings (which the dustbin box will back onto) are considerably lower than those fronting Mr Stark's property and which he has used as a guide. A dustbin box in this position and this big will as previously stated create an unwelcome and unsightly barrier.
