Drawing Nos: 2 x Photos - Site Location Plan; Design and Access Statement; [43] 01; 02; 03; 04; 05; 06; 07.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 2 x Photos - Site Location Plan; Design and Access Statement; [43] 01; 02; 03; 04; 05; 06; 07.

Reason: For the avoidance of doubt and in the interest of proper planning.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed glazed rooflight is a subordinate addition to the rear roof area of the 3 storey with loft conversion host building. Due to its small size, the proposed glazed rooflight will not protrude over the front and side parapet walls and thus will not be visible from the front and/or the side streetscene and is thus considered appropriate in terms of size, design, materials to be used and location and will enhance the appearance and character of the host building, the rear streetscape and the conservation area.

The development will not affect the adjoining neighbours' amenity in terms of loss of light, outlook and privacy.

The site's planning and appeal history has been taken into account when coming to this decision. No objections were received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP 25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape,

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
