The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans E001; E009; E010; E030A; E030B; E031; E040; E050; E100; 009; 010; 030A; 030B; 050; and 100.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed lowering of the floor level of one of the front vaults by 200mm to convert it into a utility space, the removal of an internal partition wall and the creation of an entrance area below the bridge between the vault and the front of the Grade II listed building is considered acceptable. The amended plans ensure that the proposed entrance would not protrude from the bridge line above. The choice of material for the door surround has also been amended to ensure a more lightweight appearance. The proposal is therefore considered acceptable due to the limited and sensitive alterations to the listed building.

Whilst the development will have a visual impact, this is considered minimal and is not considered harmful to the character and appearance of the listed building, street scene or the Bloomsbury Conservation Area.

No objections have been received. The sites planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses and considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 126-

141 of the National Planning Policy Framework.

- 5 The London Borough of Camden introduced the Community Infrastructure Levy (CIL) on the 1st of April 2015 to help pay for local infrastructure. This is in addition to the Mayoral CIL which helps fund the Crossrail introduced on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay the CIL charge.

The proposed CIL charge will be calculated in accordance with the regulations set out in Part 5 of the Community Infrastructure Levy Regulations 2010 (as amended). For further information on the Camden CIL or Mayoral CIL charge please refer to the information on the Camden website which may be accessed via the following link: http://www.camden.gov.uk/ccm/cms-service/stream/asset/?asset_id=3298006

You are required to assume liability and notify the CIL team on commencement using the forms that can be downloaded from the planning portal; <http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will issue an assumption of liability setting out the calculation and CIL demand notice setting out the method of payment accordingly. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or queries to CIL@Camden.gov.uk

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
