

Dear Shane O'Donnell,

4-bed maisonette conversion into a 1 bed self-contained flat and a 4 bed self-contained flat including erection of a mansard roof and 2nd floor roof extension

I object to the application

I object to the application on two grounds:

Without viewing the detailed plans I cannot be assured that the proposed new structure of a mansard roof is not in keeping with the surrounding buildings both in height and style. The new structure needs to be in keeping with the heritage nature of the surrounding buildings.

The 2nd floor roof extension must not reduce my line of sunlight and light into my property at the rear of No. 16.

There must be some planning regulations that limit the light impact on surrounding properties.

I will keep a copy and any planning approval agreed by Camden that reduces the heritage street appeal of Messina Ave or reduces light into the rear of my property I will hold Camden Council responsible for any devaluation to my property as a result.

Can you please acknowledge receipt of this objection.

Regards

Vicki Toxopeus
