It adds a lot of character to the view. It takes up more than half of the view and is one of the things that initially attracted me to this property. It is a bay tree so is slow growing- if cut down to ground level it will be many years before it reaches anywhere near its current size. It also gives privacy between 4 Parliament Hill and the houses on South Hill Park. Without it, I would have a clear line of sight into the bedrooms of my neighbours and vice- versa.
