2015/1976/P	Miss Jarrett	10 Loveridge Mews London	06/07/2015 12:04:23	OBJNOT	<p>There is a SEVERE problem with rats that the council refuses to address despite regular communication from various existing Mews residents. The impact of 7 Loveridge Mews conversion along with the conversion of 4-5 Loveridge Mews will increase the number of residents in a small area, thus impacting on the refuse issue and therefore the vermin problem.</p> <p>Increased issues with refuse that, again, the council refuses to act upon, despite numerous communication.</p> <p>7 Loveridge Mews conversion in conjunction with the conversion of 4-5 Loveridge Mews will severely impact on traffic / vehicles down the Mews along with reduced ability to park safely on the Mews</p> <p>Increase in noise levels whilst building works taking place; likely to be severe disruption to parking</p> <p>General increase in noise levels through increased number of residents and dwellings in the Mews</p> <p>Concerned with regards to the impact on the loss of light on property as there are plans to build upwards. An increase in height of 7 Loveridge mews will restrict the light</p>
