2015/2688/P	Graham Beazley-Long	Flat 25 Burleigh House Westking Place london WC1H8AQ	07/07/2015 08:03:19	COMMEMP ER	We have a residential balcony overlooking Westking place and the proposed development. A smoking area close to residential windows and balconies is detrimental to the amenity value of these flats and we object to it As a separate point this is a six form college and provision of a smoking shelter appears to be a poor use of public funds. Any planning for the refuse bins and shelter needs to protect the amenity value of the flats opposite by means of screening and enclosing to maintain visual appearance and air quality
