

9, 131 West End Lane
London NW6 2PA.

July 2nd 2015.

Dear Mr. Mutschel,
Ref: 2015/1386/P.

Unable to get plans on website
as tried by many people, property
managers, professionals & various other
people have tried. What are enclosed
plans? Rubble still being removed by bag
not removed in skips. Very concerned
now about any potential damage to
foundations of 131 & surround. What about
subsidence as 131 WEL & stairs are on
a hill. Has plan been passed to dig out.
What exactly. as previous plans to extend
part 1A 131 WEL not adhered to.

Ref: EN04/0904, 2003/HST/P.
This digging down seems to be reverting
Yours sincerely

IT's health affecting
to building work ... (Ms. V. Mend)
