2015/3110/P	m wakefield	47 ainger road london nw3 3ah	06/07/2015 11:15:25	COMMNT	We live next door to this property and are concerned that the proposal alters the whole look to the end of our terrace at the roofline. It also will give a very high level view into our garden(no 47 ainger rd) and thus will affect our privacy. The complexity of the work at such a high level is I fear also going to cause lots of noise and disturbance and I am worried about the security aspects of having all the necessary scaffolding. Yours Matthew Wakefield
