Planning application number..... 2015/2788/P

Planning application address..... 69 Camden Road NW1

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

I, am very concerned about the application regarding the two storey rear extension at 69 Camden Road, if this development is done at the back part of this building, going on to the flat roof, at n° 69 Camden Road, it would seriously block out the light into my store,

please can you help in letting me know ~~when~~ how far out this development is going to be, and also when the planning Committee is set to meet regarding this application

Thankyou
