2015/3124/P	Francoise Findlay Elsworthy Residents Association. BCAAC	1 Lower Merton Rise London NW3 3RA	10/07/2015 20:11:16	OBJ	The fact that there are so many precedents along Avenue Road does not mean that an additional one is not objectionable. Every additional crossover is another hazard for pedestrians, joggers and cyclists making their way to and from Regents Park. In addition the loss of any soft landscaping on these hard forecourts to allow for additional car space is also objectionable.
