Other (e.g. Bus)	0	0	0					
Short description of Other	0	0	0					
Short description of other								
11. Foul Sewage								
The Tour Sewage								
Please state how foul sewage is to be disposed of:								
Mains sewer	Package treatment plant	Unknown						
Septic tank	Cess pit							
Other	•							
Are you proposing to connect to the existing drainage sy	stem? • Yes	No 🔿 Unknown						
		$\sim$						
If Yes, please include the details of the existing system on the application drawings and state references for the plan(s)/drawing(s):								
PL-01 to PL-07 inclusive								
12. Assessment of Flood Risk								
12. Assessing in induktion								
Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing								
flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)								
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.								
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? O Yes O No								
Will the proposal increase the flood risk elsewhere? O Yes O No								
How will surface water be disposed of?								
Sustainable drainage system	Main sewer	Ponc	l/lake					
Soakaway     Existing watercourse								

13. Biodiversity and Geological Conservation											
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.											
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:											
a) Protected and priority s	oecies										
Yes, on the development site       Yes, on land adjacent to or near the proposed development       Image: No											
b) Designated sites, important habitats or other biodiversity features											
<ul> <li>Yes, on the development site</li> <li>Yes, on land adjacent to or near the proposed development</li> <li>No</li> </ul>											
Tes, on the development site     Ores, on land adjacent to or near the proposed development     O     No											
c) Features of geological conservation importance											
Yes, on the development site     Yes, on land adjacent to or near the proposed development     Image: No											
14. Existing Use         Please describe the current use of the site:         Mixed use residential and commercial         Is the site currently vacant?       Yes         Does the proposal involve any of the following?         If yes, you will need to submit an appropriate contamination assessment with your application.         Land which is known to be contaminated?       Yes         Yes       No         Land where contamination is suspected for all or part of the site?       Yes         A proposed use that would be particularly vulnerable to the presence of contamination?       Yes         15. Trees and Hedges											
Are there trees or hedges on the proposed development site? And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.											
16. Trade Effluent											
Does the proposal involve	the need	to dispose	of trade ef	fluents or	waste?	O Yes (	No
