#### 9. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The existing refuse and recycling store is no longer fit for purpose as it is not large enough to cater for all the residents who live at the property, and its unsympathetic brick construction, topped with a concrete slab does not contribute positively to the overall appearance of the property, or the streetscape. The existing bin store also does not have any doors and its untidy appearance encourages the dumping of rubbish on top and in front of the bin store. The existing front garden is currently untidy and has been used as site access for the works to the flat at 97a, so it is in need of re-landscaping and re-planting.
