Supplementary Comments

Thames Water have a large diameter trunk water main running along Kentish Town Road and passing beneath the footpath in close proximity to the development site. Whilst no impact piling works are to be carried out as part of this scheme, the proposed piling works for Building D will be within the exclusion zone for this asset and therefore we are unable to discharge Conditions 31 and 57 of the planning application until a full study is undertaken assess the impact to Thames Water assets as a result of the development. Please contact Thames Water Developer Services to discuss the requirements for an impact study further. (0845 850 2777 or by email at developer.services@thameswater.co.uk)
