- 1/ No structural analysis has been done on my property to suggest that my property can withstand the added pressure from the proposed plan without negative impacts - a huge concern to me.
- 2/ I bought my property on the basis that it has a flat roof, and it is important to me that it stays that way as it is in keeping with the style of houses on the street.
- 3/ The two extra windows from the proposed extension will overlook my garden which is an invasion of privacy I did not envision when buying the property, and am not prepared to accept.
- For these reasons I am absolutely opposed to the permission being granted and hope that the validity of my points is acknowledged.
