2015/3530/P	Ilan Krieger	42 Redington Road NW3 7RT	21/07/2015 13:26:43	SUPPRT	<p>I have seen the planning application for 22 Frogнал Way and would like to register my support.</p> <p>I live within walking distance and appreciate sensitive improvements to the conservation area when they're needed. The existing building is unattractive and is neither old nor special and has been empty and decaying for years. The construction management plans look quite thorough and will help to minimise disruption in the area.</p> <p>I support this application.</p> <p>Yours sincerely</p> <p>Ilan Krieger, Redington Road NW3</p>
2015/3530/P	Sally Bentley	8 Summit Lodge 9 Lower Terrace Hampstead London NW3 6RF	21/07/2015 14:00:25	NOBJ	<p>I have lived in this area for a number of years now and would agree with other commentators that this property does need to be renewed. The plans look very good to me and would allow for a much sought after change. I go through this road on foot from time to time and have often wondered how the house that stands has been allowed to remain there.</p>

2015/3530/P	Brian Susskind	30 Ellerdale Rd London NW3 6BB	21/07/2015 14:46:05	SUPPRT	Re: 22 Frogna! Way NW3 6XE I've studied the planning application for 22 Frogna! Way and wish to offer my support for this house. I live very close (in the next street) and am a regular user of Frogna! Way and the footpath. I've not seen anyone in this house for years and it'd be good to put it back into use. Im happy to support this application. Yours Faithfully
