**Subject:** RE: 2014/3835/P - 6 Antrim Grove

Nanayaa

We have reviewed the revised BIA for 6 Antrim Grove which now includes a ground movement analysis, a groundwater flow impact assessment, construction plan and supplementary ground investigation. The revised BIA is considered to contain sufficiently additional information to provide an adequate assessment of the impacts of the basement and our concerns are therefore addressed such that the requirements of CPG4 are deemed to have been met.

We will set out these comments in a letter in due course but trust that this will allow you to compile your report.

Kind regards

Martin
