| 2015/3530/P     | Ben Sherman      | 47 Netherhall<br>Gardens<br>Flat 6<br>Hampstead<br>NW3 5RJ | 22/07/2015 11:48:38 | SUPPRT   | <p>To whom it may concern,</p> <p>I am writing to support the application of 22 Froggnal Way. This site has been derelict and in a state of disrepair for many years. The proposed planning application would create a family home on a site that has not been properly occupied for over a decade. I attended the open days, and discussed the plans with the architect, and it is clear to me that the proposed building would add an attractive and differentiated building that would benefit and respect the local environment. The current building was put in place out of necessity to accommodate the disabilities of the previous owner. It strikes me that little thought was given to the design outside of the practical features needed to accommodate this resident. It is not a good example of 1970s architecture and is an eye-sore to the local area. The area is well isolated from the local buildings and Mr and Mrs San seem to be giving ample consideration when consulting and working with the local community. This family dwelling will be a positive contribution to the area and I wholeheartedly support the application.</p> <p>Yours Sincerely,</p> <p>Ben Sherman</p> |
