Subject: Fwd: Planning application 2015/2759/P – 24A Netherhall Gardens, London, NW3 5TH

dear kate,
it was good to speak with you on friday re our application.
i would just like to reiterate what our architect andrew down has written below.
re window A and C
to my knowledge window A is not used as a habitable room; we have not seen any indication over the last 9 years since we have lived at no 24a that this space is used for any effect.
likewise window C to stairs and upper floor landing.

kind regards,
mrs bacal
