**3. Description of Proposed Works**

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s):

My enquiry is made on behalf of my 89-year-old father, Victor Bloom, who owns and is resident at this Grade 2\* listed building in Camden:  
 Flat 4 Annesley Lodge,  
 8 Platt's Lane  
 London NW3 7PN.  
 Historic England listed building list entry number: 1139064  
 This first- and second-floor flat is accessed via an outdoor metal staircase that leads up from the back of the driveway alongside the building to a covered porch at first-floor level. The staircase leads only to this flat. As my father is now very frail, he struggles with the stairs and we would like to install a seated stairlift, so that he can continue living in his home.  
 The stairlift would not touch the wall of the house but would be mounted solely on the metal stairs by means of bolts and its own rail.

Has the development or work(s) already started?     Yes     No

#### 5. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?  Yes  No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:					
Title:	<input type="text" value="Mr"/>	First name:	<input type="text" value="Jonathan"/>	Surname:	<input type="text" value="McClue"/>
Reference:	<input type="text"/>				
Date (DD/MM/YYYY):	<input type="text" value="03/07/2015"/>	(Must be pre-application submission)			

Details of the pre-application advice received:

"The proposal would require planning permission and listed building consent as it constitutes development and would impact on the character and setting of the grade II\* listed building. As part of the permission we could condition that the chairlift be removed after the property is sold, however, it is likely that the new owner would want this in any event. I note that the chairlift would be attached to the modern staircase itself and not harm the fabric of the historic building so there would be some merit in an application."
