Notification of Intent 100 Frognal NW3 6XU

We would like permission to prune a Hornbeam tree in our garden and the branches of 3 Hornbeam trees overhanging our garden situated in .

the adjoining garden of 102 Frognal.

Our reason for this is that material from the trees blocks our drains gullies and could cause flooding. Also by next year the branches of trees at

102 will be touching or close to touching our property.

We propose to prune the branches overhanging our property by approx 1-1 1/2 meters.

I await your response

Regards

Jim Colville

100d Frognal NW3 6XU
